

GETTING AHEAD IN A JUST GETTING' BY WORLD

BUILDING YOUR RESOURCES
•
FOR A BETTER LIFE

The Getting Ahead curriculum:

- Involves rigorous work done in a safe learning environment with the support of an experienced facilitator and co-facilitator.
- Enables participants, called “investigators,” to examine their own experience of instability as well as explore issues in the community that impact instability – banking, housing, jobs, transportation – providing critical information the community can use to take action to end instability.
- Guides investigators through an assessment of their own resources and how to build those resources as part of their move to self-sufficiency.
- Puts the concepts, tools, and relationships in the hands of people living in instability to make a difference in their own lives and in the life of their community.
